

Proposed Boundary Changes for Raymond Education Campus 915 Spring Rd. NW

Raymond Education Campus is the public school of right for all school-age children living within the attendance zone. Families can also apply to charter schools or out of boundary to DCPS schools through a lottery process.

SY 2013-14

Enrollment: 543

In-Boundary: 55%

Bldg Capacity: 465

Bldg Utilization: 117%

# of grade appropriate public school students [PK3-5th] living within the current boundary (SY13-14)	652
# of grade appropriate public school students [PK3-5th] living in proposed attendance zone (SY13-14)	734
Boundary participation (% public school students [PK3-5th] living in boundary and attending) (SY13-14)	30%
Projected 4-10 year old child population change 2014-2020, Neighborhood Cluster 18	67%

Rationale for Proposed Boundary Changes: Raymond's attendance zone increases slightly north and south to increase walkability and relieve overcrowding at Tubman and Powell. Raymond is over capacity but boundary participation is low and the school is expected to gain capacity with the proposed grade configuration changes.

Proposed Geographic Destination Feeder Schools (Feeder Pathway): Anyone living in the proposed new boundary for Raymond EC is zoned for and has rights to attend MacFarland MS and Roosevelt HS. MacFarland MS is slated to re-open no earlier than SY15-16. Until MacFarland MS re-opens, Raymond will remain an education campus serving middle grades and families will maintain their current geographic rights to MS based on home address. Proposed feeder pattern changes were made to better align school building capacity with population and with feeder pattern participation rates and to support racial/ethnic and socio-economic diversity, where possible.

Proposed Programmatic Destination School (Feeder Pathway): No programmatic feeder pattern proposed.
